

MANN+HUMMEL Centrifuges

- **Highly efficient separation of particulates** from the oil circuit
- **Reduced engine wear** by means of cleaner engine oil
- **Avoidance of bore polishing**
- **Lower running costs** through longer service life of the main filter

Engine oil volume [l]	Centrifuge type	Ext. Ø [mm]	Height [mm]	Weight [kg]
5 - 15	FM 025	130	155	1.4
15 - 90	FM 090	175	210	3.5
15 - 90	FM 090 LCB	180	330	6.0
40 - 170	FM 200	230	345	9.5
200 - 1500	FM 400	330	405	22
200 - 1500	FM 600	330	485	25

Further information is available in the MANN+HUMMEL catalogue for liquid filters (part no. 19 942 10 101).
