

Limited Generator Warranty

Robin America, Inc., a division of Fuji Heavy Industries, Ltd. (herein "Subaru Robin"), warrants that each new generator sold by it will be free, under normal use and service, from defects in material and workmanship for a period listed below from the date of sale to the original retail purchaser. Subaru Robin's obligation under this Limited warranty shall be limited to the repair and replacement, at Subaru Robin's option, of any part or parts, which upon examination is/are found, in Subaru Robin's judgment, to have been defective in material or workmanship. Anything replaced under warranty becomes the property of Subaru Robin. All parts replaced under warranty will be considered as part of the original product and any warranty on those parts will expire coincident with the original product warranty. It shall be a condition of Subaru Robin's obligation under this Limited Warranty that Subaru Robin, directly or through one of its Distributors or Service Centers authorized to service the particular engine/generator involved, receive prompt notice of any warranty claim and that the engine/generator or the part or parts claimed to be defective be promptly delivered, transportation prepaid, to such Distributor or Service Center for inspection and repair. All repairs qualifying under this Limited Warranty must be performed by Subaru Robin or one of its authorized Distributors or Service Centers.

WARRANTY PERIODS:

Subaru Robin Four-Cycle, Air-cooled, Gasoline Generator

Limited 3 years Warranty

The repair or replacement of any part or parts under this Limited Warranty shall not extend the term of the engine/generator warranty beyond the original term as set forth above.

LIMITATIONS AND EXCLUSIONS: This Limited Warranty shall not apply to:

1. Repairs required because of prolonged storage including damage caused by old or contaminated fuel in the fuel tank, fuel lines or carburetor, sticky valves or corrosion and rust of engine parts.
2. Repairs required due to electrical circuit overloading. (Most often caused by overloading generator or improper wiring of appliances, tools, electrical circuits etc.).
3. Dirt or grit related engine wear caused by improper air cleaner maintenance (most often resulting in worn piston, piston rings, cylinders, valves, valve guides, fuel contamination, carburetor or other internal components).
4. Broken or scored parts caused by low oil level, dirty or improper grade of oil.
5. Engine tune-ups and normal maintenance service including, but not limited to, valve adjustment, normal replacement of service items, fuel and lubricating oil, etc.
6. Any engine/generator that has been installed, repaired, or altered by anyone in a manner which in Subaru Robin's sole judgment adversely affects its performance or reliability.
8. Any engine/generator which has been fitted with or repaired with parts or components not manufactured or approved by Subaru Robin which in Subaru Robin's sole judgment adversely affects its performance or reliability.
9. Warranty does not extend to parts affected or damaged by accident and/or collision, normal wear, fuel contamination, use in an application for which the product was not designed or any other misuse, neglect, incorporation or use of unsuitable electrical attachments or parts.
10. Instances where normal use has exhausted the life of a component.
11. In case, without any prior approval of Subaru Robin, the generator is employed for powering equipment to be operated on/in water and is located where it gets exposed to water.
12. In case the claim arises from such regulations as on noise level and exhaust gas emission etc.

The customer is responsible for all transportation charges in connection with any warranty work.

Subaru Robin reserves the right to modify, alter or improve any engine/generator or parts without incurring any obligation to modify or replace, any engine/generator or parts previously sold without such modification, alternation or improvement.

No person is authorized to give any other warranty or to assume any additional obligation on Subaru Robin's behalf unless made in written and signed by an officer of Subaru Robin.

For optimum performance and safety, please read the owner's manual before operating your Subaru Robin generator.

Connection to house power requires a transfer device to avoid possible injury to power company personnel. Please consult a qualified electrician.
